

Questions to Ask About CPR and a DNR Order

Bring this sheet to the care team. It's for learning, not a recommendation.

- What would CPR involve for me (or my parent), given my health right now?
- What usually happens after CPR for someone with this condition?
- What does a DNR cover, and what treatments continue? (A DNR covers CPR only.)
- How do we make a DNR valid at home, not just in the hospital? (Ask about a wallet card, bracelet or state form.)
- Does our state use a POLST or similar form?
- Who is the health care agent if I can't speak for myself? _____
- Where is the advance directive kept? _____
- How do I change my mind later? (You can, at any time.)
